About the OGA Licence

The OGA has developed this licence to license the use and re-use of its Information, that is, information that the OGA owns or otherwise has the right to license in this way. The OGA may also publish information it does not own and may only offer limited use rights in respect of that information. In that situation, this OGA Licence will not apply and the OGA will specify the terms and conditions on which that information may be used, for example, the [OGA User Agreement](#).

This is version 1.0 of the OGA Licence. The OGA may, from time to time, issue new versions of the OGA Licence. If it does so, and you are already using Information under a previous version of the OGA Licence, the terms of that licence will continue to apply.
